Credit Course  
Set in Canyon

The merchants of Canyon, their credit managers and credit employees along with other professional credit people in the city have arranged for a week of special training dealing with the techniques of present day credit and collection procedures.

This program is a 10 hour course sponsored by the Credit Bureau of Canyon with meetings scheduled each night Monday through Thursday, beginning June 25 at 7:30 p. m. in the First National Bank.

"Retail Credit Procedures" is the title of the course and the daily conferences will be directed by Heinz Ulrich, retail credit specialist from The University of Texas. Ulrich has been engaged in the retail credit field for a number of years and has had considerable experience as a credit consultant.

Topics for discussion include the following elements of present day credit and collection activity:

Advantages of using a credit application, interviewing credit customers, investigating and evaluating the customer, accepting and rejecting the applicant, collection procedures, small claims court procedure, checks and check cashing methods, and credit sales promotion.

Lewis Stringer  
Services Held

Funeral services for Lewis Stringer of Dimmitt will be held in the First Baptist Church at Tulia, Wednesday at 2:30. Mr. Stringer died in the Swisher County Hospital at Tulia at midnight June 18.

He was the son-in-law of Mr. and Mrs. E. Gidden and husband of the former Sybil Gidden, Castro County Home Demonstration Agent.

Dallas Author  
Here for Study

Wayne Gard, Dallas author of books and articles on western subjects, is in Canyon doing research for a possible new book about buffalo hunters.

Gard is concentrating his efforts on unpublished interviews in the archives of the Panhandle-Plains Historical Museum.

An article on buffalo hunting which Gard wrote is scheduled for August publication in the magazine American Heritage. Among his books is "Sam Bass," published in 1936; "Frontier Justice," 1949, and "The Chisholm Trail," 1954.

For 23 years, Gard has been on the staff of the Dallas Morning News, where he now writes editorials.

Mr. and Mrs. Happy McAtee and boys spent the weekend in Dalhart with their daughter and son-in-law, Mr. and Mrs. Dan Gayler.

## Progress Report

Construction workers finish placing the forms for the foundation of the new courthouse annex on the south side of the square. The concrete was poured last Friday and the forms removed this week.

## Five Churches Complete Bible School

Five of the six churches that have been participating in vacation Bible schools during June have completed programs. The First Methodist Church will conclude Bible school activities Friday night at 7 p. m. in a special program for adults and friends.

Mrs. Loyd Devin, director of the Methodist vacation church school, says, "The program will be in the sanctuary of the church, and the special work of the children will be on exhibit in the classrooms. She reports that the average attendance was 117, and that there were a total of 30 workers.

The junior department's special

projects were curtains for the nursery and 12 wastebaskets for the new section of the church. The primary department memorized Bible verses and received book markers for the number of verses learned. A pasteboard church was constructed by the six-year-olds, and the kindergarten compiled a frieze of church activities.

The Christian-Presbyterian Church School, which was held June 4 through June 15, had an average attendance of 70. The closing program was Friday night at 7:30 p. m.

The kindergarten department

used their total offering to purchase color books, crayons, scissors, paper doll books, story books and Bible study books to give to Neblett Hospital to be used by sick children. Mrs. Royal Brantley, co-chairman of the primary department, reported that this group used their offering for the Presbyterian mission for Navajo Indians.

The First Baptist Church had the largest enrollment at 228. The average attendance was 201, and a total of 46 people composed the faculty. The closing program was held on Wednesday night at 7:30 p. m., two nights earlier than

planned. Children displayed the results of studies which began June 4.

Bob Wear, director of the Church of Christ church school which began June 11, says, "I consider the school successful for our purposes." Classes for all age groups were held each night from 8 to 9 p. m. About 15 workers had special assignments.

Of an approximate enrollment of 150 at the Calvary Baptist Church, an estimate of 101 were engaged in vacation Bible school activities. An average of 89 attended each day; there were 28 workers. Commencement exercises were Wed-

nesday night at 8 p. m.

A picnic for those who attended Bible school was held in Elwood Park in Amarillo on Thursday. About 95 children met at the church at 10 a. m. for the trip.

The intermediates did leathercraft work and made sheets for the baby cribs in the nursery. One of the activities of the juniors was handkerchief aprons, and the primary group painted pictures of Jesus. A book house was made by the beginners.

The offering of \$39.03 was given to the cooperative mission program.

RALPH PRAY IS  
CHIEF OF POLICE

Ralph Pray, former juvenile officer in the Amarillo Police Department, was appointed Monday night as Chief of Police for Canyon to replace George Roden, who resigned effective July 1.

Roden plans to move to Sacramento, Calif., to work in the security division of an aircraft factory there.

Pray, 37, was a member of the Amarillo Police Department for 7½ years, spending the last five in the Crime Prevention Bureau—the city's juvenile division.

A native of Clayton, N. M., Pray was graduated from Clayton High School and attended New Mexico Normal at Las Vegas for two years. He spent five years in the Army during World War II.

Following his discharge from the Army in New Jersey, Pray worked two years as a salesman in the New England states. While he was in the army, his parents moved to Amarillo and Pray returned there to work with Southwestern Drug Company for 1½ years.

Mr. and Mrs. Pray have two children, Norman, 6½, and Raymond, 11 months. They plan to move to Canyon as soon as possible.

In announcing his resignation, Chief Roden said he has appreciated the help and cooperation of the citizens of Canyon. He has been Chief of Police here since June, 1954, coming here from the security force at Pantex.

Last winter, Mrs. Roden was school patrolwoman for the elementary school.

Swimming Lessons  
To Start July 2

Swimming lessons at the city's pool in Conner Park will start July 2 with Don Briggs, assistant coach at Canyon High School and operator of the pool, as instructor.

Those who wish to take the lessons may enroll at the pool, Briggs said. He is planning classes for beginning, intermediate and advanced swimmers.

Classes for the beginners will be held Monday and Wednesday morning, with two groups planned. Those between four and seven years old will have classes from 10:30 a. m. until 11 a. m. Those over eight will be instructed from 11 a. m. to 11:30 a. m.

Intermediate and advanced classes will be held on Tuesday and Friday from 2 p. m. to 2:30 p. m. No classes will be held on Thursdays.

Regulations of the city require that those who wish to take the swimming courses must purchase a season ticket and pay an additional \$2 fee. Season tickets for children 12 and under are \$6 and for those over 12 the cost is \$10.

Single admissions to the pool are 20 cents for those 12 and under and 40 cents for those over 12.

The pool is open daily from 1:30 until 7 p. m. except on Sunday when it closes at 6 p. m. In addition, the pool is open until 8:30 p. m. Tuesday and Thursday.

Briggs has asked that those who wish to take swimming lessons register at the pool as soon as possible so that he will be able to arrange the classes.

Canyon Scouts  
Honored at Camp

Roy Harris of Troop 66 and Harless Marcom of Troop 97 were honored at the close of the first summer camping session at Scout Camp Don Harrington last week.

Harris was named Honor Camper and Marcom Camp Goat. The honor camper award is given to the outstanding camper, while the title of camp goat is given to the best sport.

Other honors and awards given at the end of the session were as follows:

Stunt winners: Troop 66 for "Cloud's Climbing Kit," second, Troop 97 for "Spider Duty," and third, Troop 24 for "The Art Exhibit."

Neckchief Slide Contest: Best Individual Slide, Ralph Kuehn, Troop 66; Best Slide Collection, Bill Cornette, Troop 66.

Junior National Rifle Association badges were given to 47 Scouts who earned them during the week's camp. Merit badges were given to 5 boys in life saving, 11 in pioneering and 19 in swimming.

Demonstration on  
Freezing Foods

On Friday, June 22, Mrs. Brown, Southwestern Public Service home economist, will give the final demonstration on freezing foods in the high school homemaking department from 2:30 to 3:30 p. m. She will demonstrate quickie meals, salads and meats.

From 2:30 to 3:30 on Friday, June 29, Mrs. Long will give easy steps to cake baking and icings at the high school homemaking department.

Rain, Storm Hits  
Parts of County

A sudden, violent thunderstorm swooshed across Randall County Sunday afternoon, leaving moisture up to 2½ inches and throwing a sudden scare as a tornado touched ground south of Canyon.

The tornado went back into the clouds immediately and no damage was done. Sheriff L. S. Johnston, on watch for storms east of Canyon, saw the funnel and followed the resulting whirlwinds to northeast.

He said the funnel appeared to touch the ground, or nearly to the ground, about four miles southeast of Canyon. It went back up immediately he said, and five big whirlwinds formed. They moved northeast and reformed into two whirlwinds after traveling about two miles.

In Canyon the storm left 41 of an inch of moisture. Reports of nearly an inch came from Umbarger, while some 2½ inches fell north of Canyon.

Services Slated  
For Mrs. Smith

Funeral services for Mrs. Mary Dee Smith, pioneer resident of Canyon, were to be conducted at 4 p. m. today in Warren-LaGrone Funeral Chapel by the Rev. Strauss Atkinson, pastor of the First Baptist Church.

Burial was to be in Dreamland Cemetery.

Mrs. Smith, 81, died Tuesday morning in her home at 511 Fifth Avenue. She was born March 8, 1875, in Freestone County, Texas. She was married to O. I. Smith Aug. 10, 1893, in Bell County.

Mr. and Mrs. Smith lived in McClellan and Cooke Counties before moving to Canyon on Oct. 12, 1902.

She was a member of the Baptist church.

Survivors include her husband; four daughters, Mrs. A. D. Foreman, Amarillo, Mrs. Earl M. Smith, Houston, Mrs. L. H. Anderson, Pampa, and Mrs. Sue Ragan, Perryton; one son, Ernest W. Smith, Marlin; 12 grandchildren and 17 great-grandchildren.

Grandchildren visiting in the home of Mrs. A. F. Burnett last week were Marine Pfc. Vernon R. Burnett of Santa Ana, Calif., Beverly Burnett of Des Moines, N. M., Rob Rogers of Wichita, Kan., and Nancy Lou Haines of Dodge City, Kan.

## Ker-Splash

The .41 of an inch of rain Sunday afternoon was enough to fill gutters and run through the dips in the intersection in Canyon. Rain was heavier north of town.

Equalization Board  
Sits Wednesday

The Randall County Commissioners Court will sit as a board of equalization next Wednesday to hear objections to raising valuations of about 150 taxpayers in the county.

In May the commissioners ordered Tax Assessor Bill Money to raise the valuations of the taxpayers involved. Cards notifying them of the equalization board hearing have been mailed to those whose property is affected.

Charles Bugbee  
Service Held

Charles Herbert Bugbee, the nation's top clarinet player at one time and father of Harold Bugbee, curator of art of Panhandle-Plains Historical Museum, died Saturday at his home in Clarendon.

Funeral services were conducted Monday morning in Clarendon. Burial was in Citizen's Cemetery in Clarendon.

Mr. Bugbee, 89, had been a resident of Donley County for 43 years. He had bought land in the county in 1913 and moved from Massachusetts to engage in stock farming and ranching. Before moving to Texas, he played in several of the leading marching bands, including the one organized by John Phillip Sousa.

Mr. Bugbee is survived by his wife and his son.

Demo Committee  
Sets Meetings

Places on the ballot for the Democratic Party primary election in July were drawn by the Randall County Democratic Executive Committee Monday night.

Earlier the committee had set the time and location of precinct conventions which will be held on the day of the primary election. The county convention will be held at 7:30 p. m. on Aug. 4 in the district courtroom in Canyon.

Six precincts will have conventions on the afternoon of election day, July 28. The conventions will begin at 1 p. m. at Precinct 2, Jewell School; Precinct 3, Ralph Switch; Precinct 4, Fairview School; Precinct 5, Bennett farm; Precinct 7, Highland Community Center; and Precinct 8, Umbarger School.

The rest of the conventions will begin at 8 p. m. on election day. They are Precinct 1, district courtroom; Precinct 6, Midway Store; Precinct 9, Alice Landergerin School; Precinct 10, Lamar School; Precinct 11, South Lawn School; Precinct 12, Coronado School; and Precinct 13, West Texas State fieldhouse.

Mrs. Raymond Raillard and sons left last Saturday for Wolf City to visit two weeks with her parents, Mr. and Mrs. Lee Fortenberry.

Final Rites Held  
For S. R. Morgan

Funeral services for Samuel Riley Morgan, a resident of Canyon since 1924, were conducted Thursday in Warren-LaGrone Funeral Chapel by the Rev. A. J. Pettit, pastor of the Assembly of God church.

Pallbearers were George McDowell, J. B. Sikes, Bud Rusk, W. A. Wilson, B. C. Taylor and J. C. Newton. Burial was in Dreamland Cemetery.

Mr. Morgan, 83, died June 12 at his home in Canyon. He was born July 6, 1872, in Whitesboro, Texas.

Before moving to Canyon, Mr. Morgan had lived in Amarillo for six years, in Claude, Denton County and McKinney. A railroad worker, he worked for the Santa Fe after coming to the Panhandle.

Mr. Morgan was a member of the Christian Church.

Survivors include his wife, Mrs. Nancy Morgan; two sons, Audie L. Morgan, Panhandle, and A. R. Morgan, Canyon; three daughters, Mrs. Claude Foster, Canyon, Mrs. Bill Blesser, Bushland, and Mrs. N. T. Murr, Amarillo; a brother, Boyd T. Morgan, McKinney; 13 grandchildren, 17 great-grandchildren and one great-great-grandchild.

Mr. and Mrs. S. R. Hood moved to Fritch Monday. Mr. Hood has been transferred and will be the assistant superintendent at the Turkey Creek gas station.

Cooper's, Foster's Tied for First  
In Opening Junior League Round

Play got underway last week in the Canyon Boys Softball League, with teams sponsored by Cooper's Market and Foster Insurance tied for first place with only four games played.

Taylor and Sons and Sternberg Lumber teams are tied for second with one win-one loss each and Bellah's Supermarket and Taylor-Evans Farm Stores in last place with one loss each.

Results from the first night's games last week were Foster 10, Taylor and Sons 0, and Sternberg 12-Taylor-Evans 11.

In games Monday night, Cooper's downed Bellah's 15-14 and Taylor and Sons beat Sternberg 10-8.

Scheduled for Thursday night are games between Foster's and Cooper's and Taylor-Evans and Bellah's. Next Monday, the schedule calls for games between Sternberg and Foster's and Foster's and Bellah's and Taylor and Sons. Individual batting so far in the league includes:

Price Daniel, sometime Senator-sometime gubernatorial candidate, sent *The Canyon News* a book the other day. It weighed just under three pounds and was the complete transcript of hearings before the Subcommittee on Improvements in the Federal Criminal Code in connection with its investigation of illicit narcotics traffic. The report is of hearings held mostly in Texas in October and December last year.

If I wanted to send the book to Washington, from where it was mailed, it would cost me 20 cents in postage. Presumably, the good Senator sent the book to every newspaper in Texas. There are 488 newspapers, and postage on the book would be \$97.60.

However, Daniel sent the book for nothing. It was sent under the franking privilege given members of Congress. I say it was sent for nothing. Actually it cost \$97.60 and then some, but Daniel didn't have to pay it—you and I paid it.

Whatever your share of that might be, just consider that you paid it on Daniel's campaign fund, because that's the only good reason I can think of for him to be sending the book. Daniel was chairman of the subcommittee, you'll remember, and he made a lot of big noise about the findings—made lots of headlines.

If you don't happen to favor Daniel for governor, that's just too bad. You've made a contribution furthering his candidacy.

It's a pretty interesting book, though. In it there is a street map of Juarez, Mexico, on which are spotted points where heroin is sold. One puzzling thing about the map is that I wasn't aware that the U. S. Senate had any authority over activities in Mexico. I knew the Senate has been busy taking over authority from everywhere in all the states, but this is the first proof I've seen that it is trying to take over in a foreign country. I wonder how much more that's going to cost us.

I've read recently of a man who claims that the word "Ghoughphtheighteau" spells potato. He figures it this way: "Gh" stands for "p" as you will find in the last two letters of "hiccup," "ough" stands for "o" as in "dough," "phth" stands for "t" as in "phthisis," "eigh" stands for "a" as in "neighbor," "tte" stands for "t" as in "gazette," and "eau" stands for "o" as in "beau."

Here of late the Amarillo newspapers have been feeling mighty sorry for Randall County, what with all the reports they've dug up of how short of funds the county will be in purchasing right of way for the expressway.

The more articles they publish, the more I begin to feel sorry for the people on the papers. Apparently they've taken on the job of deciding how much the county will be short, but they don't seem to be able to get together on the price. Their estimates range from \$100,000 to \$250,000, and there's a lot of difference between the two figures. Of course, I'd hate to be stuck with the job of personally raising either amount of money—I don't think I could swing it.

One aspect of their concern with Randall County sticks in my craw, though. Their stories tend to put the county, its people and elected officials in a bad light.

The Amarillo papers are still disregarding the actions of the City of Amarillo in regard to the expressway there. It's almost as if an earthen wall drops at the city limits. What happens to the south is everyone's business, and what happens to the north is of no concern to anyone.

Last week I had it from a reliable, but unquotable source, that the city is also running out of funds for right of way purchasing. The money raised by the bond election there is not quite stretching to cover the south portion of the right of way, and there's still the north part to go.

The only news one gets from the Amarillo newspapers about the expressway is news from the Randall County part. As far as Amarillo's part is concerned, the only news one gets is that the storm sewer being dug along Fillmore is deep, a lot of men are working in it and it takes a lot of machinery and that a dog fell into the trench one night last week.

Even if the purchase of right of way in Amarillo is a state secret, I think I would like to know just where along Fillmore that ditch is being dug (a map might help). I kinda wonder where it's going to end—which lake that is 8 of a mile from the city limits near Tradewind Airport (another map might help).

On the subject of the expressway, and especially on the official darkness on information about the expressway, it seems to me that the people are being asked to buy a pig in a poke.

The highway department is still keeping silent on various details about the expressway. When asked specific questions, the district engineers pass the buck to the state office and the state office passes the buck to the federal bureau of public roads.

The whole setup is the most beautiful buck-passing routine imaginable. Last January, the Randall County commissioners were asked to obtain right of way from the top of Canyon hill south to Happy as quickly as possible, because the highway department would be ready to let bids for construction in about 60 to 90 days.

Six months later, the right of way is ready, but the highway department isn't. In fact, Guy Lott, the district engineer, couldn't say when the department might be ready when he appeared before the commissioners a week ago. But, he did ask when the right of way would be ready—always asking, never giving.

The highway department has been set up as an omnipotent god. Its engineers can make no mistakes, need give no reasons.

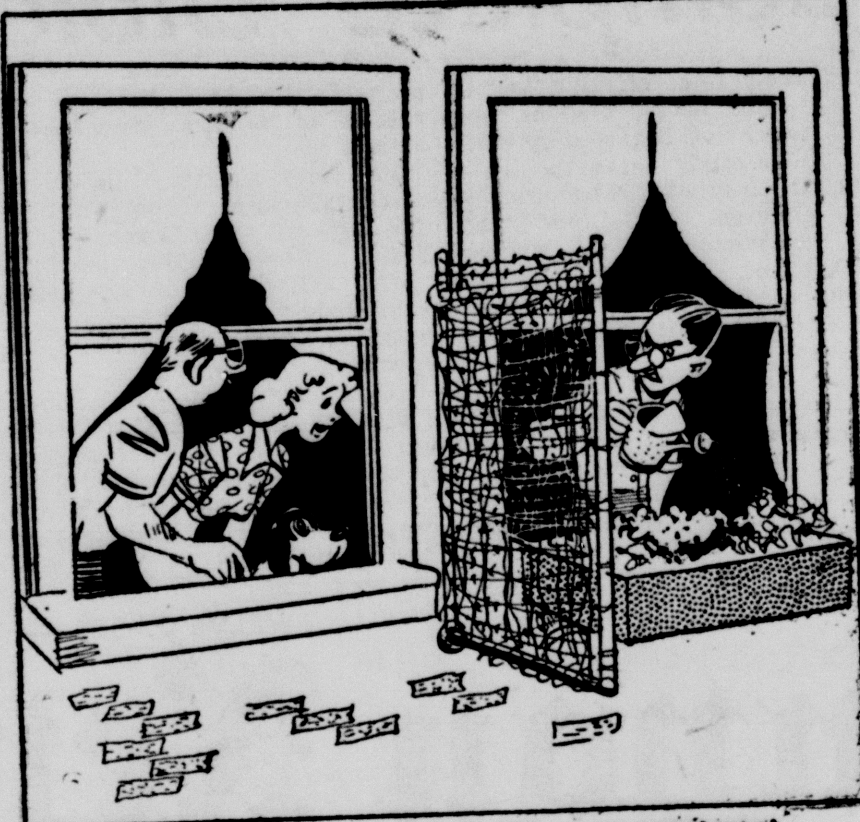

The department prepares a map, and that's the way it must be. That is, until the department changes its plans and prepares another map, and that's the way it must be. On and on, always demanding more, but never giving reasons why.

Commissioner Clarence Beckman hit the issue squarely last week when he commented that extra right of way demanded between Western and Georgia is to be used to the benefit of the City of Amarillo. The traffic interchanges being planned are at points where there are presently no roads or streets.

It's a well-established rumor that the city will take in that portion of the county as soon as the right of way is bought. I say that the city should be required to purchase that right of way, especially that extra right of way demanded solely for the purpose of putting in traffic interchanges where future city streets will be. If I might, I should like to suggest along with Criminal Dist. Atty. A. W. Lair that the commissioners would do well to demand explanations from "responsible" highway department officials—and that can mean only the Highway Commission itself.—BC

## Take Safety Along On Vacation Trip

**COLLEGE STATION**—Take safety with you and enjoy your vacation. Toss caution to the winds and there may never be another vacation trip, warns the Texas Farm and Ranch Safety Council. For they point out as motor travel booms, traffic accidents, especially in rural areas, also zoom upward. The Council offers a few suggestions for cutting the summer accident toll. Give the car a thorough check-up before starting on the trip and watch for signs of trouble along the way. Don't block vision by improperly loading the car for good vision is a must for safe driving.

**Be prepared for emergencies.** A first aid kit, maps, permits if needed, identification, a flashlight, a tool kit and maybe a few spare parts should be carried along.

Much of the responsibility for a safe trip rests with the driver. Fatigue greatly reduces his efficiency. Plan the trip, urges the Council, to allow for rest stops during the day and a good night's sleep each night.

Don't, they caution, try to drive and take in the sights at the same time.

**Know the laws of the states in which you expect to travel for ignorance of the law is only an excuse. Use traffic signs as a guide for safe driving. They are for your protection.**

Traffic will be a problem during the vacation season in all parts of the country. Don't get in a hurry nor drive faster than conditions justify, warns the experts. Be adaptable and fit your driving to the peculiarities and conditions that exist in the areas where you drive.

Respect the rights of others and remember, if safety rides with you, you and your family can look forward to next year's vacation.

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

### Adjournment

The predictions as to when Congress will adjourn are increasing daily. Most of the older and more experienced prognosticators talk about the 15th of July, which really means August 1st. Add 15 days to the last figure, and you will have an approximate time for the adjournment of Congress, if past history can be used as a yardstick.

I had predicted that we would get out about July 15th, and I feel that this date is about right, give or take 5 days either way.

However, it must be remembered that there are several additional elements to be considered this year. One of these would be the National Conventions of the Parties. Since the Republican Convention is not expected to provide any fireworks, it is not anticipated that the Republicans would be anxious to adjourn early in order to make preparations for their Convention.

But, it must be remembered that the Republican Party is the minority party in Congress, and that it has always been good policy for the majority party to bring about the earliest adjournment possible.

The theory being that the longer the Congress is in session, the longer the majority party has to do things that might have extra appeal to the voters.

The Democrats will, no doubt, be pressing for an early adjournment, because the National Con-

vention of their Party bids fair to provide an ample supply of fireworks. Such probability necessitates much preparation by all of the factions concerned, not only for the purpose of furnishing their part of the fireworks, but also for the purpose of setting up sufficient defenses to prevent themselves from being annihilated when the lid goes off. So, the Democrats will not be anxious to continue the session longer than absolutely necessary.

To these reasons we can add the further non-partisan, or perhaps better, "bi-partisan" desires on the part of many to terminate this session before some highly controversial legislation hits the Floor.

Every legislative body is confronted with such measures. They could probably be termed, legislative time bombs. These measures usually involve some such matter that is hotly opposed in one section of the country, but very popular in another; or, some subject matter that may be looked upon with great favor by one segment of the economy, but equally despised by another segment.

The division is many times so very close on these measures that both the proponents and opponents are hesitant to see them brought up. They find themselves in somewhat the same position as the two little boys who were about to have a fight. Each one was scared of the other, and both were glad of it.

In any event you can see that the chances for early adjournment appear to be good, and I'll stick to my first prediction—July 15th—give or take 5 days either way.

All morning little Richard had been asking questions and all morning his mother had been patiently providing the answers.

Finally, the long-suffering woman warned, "You'd better keep still or something will happen to you. Curiosity once killed the cat, you know."

Richard lapsed into blessed silence, and mother was congratulating herself upon her stratagem, when out of the blue came the eager question, "Say, mother, what was it the cat wanted to know?"

MR. AND MRS. DON WHITE

## Wedding Vows Exchanged for Elaine Fisher and Don White

In a double-ring ceremony Sunday afternoon, June 3, Elaine Fisher, daughter of Mr. and Mrs. Lem S. Fisher of Canyon, became the bride of Don White, son of Mrs. Eva White of 925 Lamar, Amarillo, at the First Assembly of God Church in Amarillo.

The Rev. E. R. Foster, pastor, read the vows before an arch entwined with white gladioli, carnations and lemon leaves and flanked on each side by giant caladium. Tiered candelabra, with baskets of white stock and white gladioli completed the altar decoration. The kneeling bench was in white leather with lattice work. White carnations and blue satin streamers marked the aisles.

Mrs. Jean Brown sang "Because" and Mrs. Jerry Howe sang "Whither Thou Goest" accompanied by Mrs. Bruce Brooks at the organ. The traditional wedding marches were used.

Ethel Eigsti, cousin of the bride, was maid of honor. Elmore White, brother of the bridegroom, was best man. Ushers were Robert and Kenneth Fisher, brothers of the bride. Ann Fisher, niece of the bride, and Larry White, nephew of the bridegroom, were the candle-lighters.

Given in marriage by her father, the bride was attired in a ballerina length gown of white satin and net, styled with a bouffant skirt and a lace jacket with long tapered sleeves. Her fingertip veil fell from a tiara encrusted with seed pearls. She carried a bouquet of blue and white carnations surrounded by lilies of the valley.

Following the ceremony, the bridal couple was honored with a reception in the church parlor. Mrs. Oren Fisher of Dumas served the wedding cake and Mrs. Ray Miller presided at the punch bowl. Gwen Massey registered the guests.

For a short wedding trip, the bride traveled in a navy silk suit

with white and navy accessories. Her corsage was of white carnations.

Mrs. White was graduated from Canyon High School and attended the Southwestern Bible Institute. She is employed at the Amarillo Air Base.

Mr. White, a graduate of Velma High School, Velma, Okla., is a sophomore student at Amarillo College. He is an employee of RCA Field Engineering. They are at home in Amarillo.

BY LOUISE ALLEN

A couple of weeks ago we were in a group where there were several young matrons with "tinted" hair. It is what we used to call peroxide blonde. Now it's probably something else.

Anyway, thanks to their natural charm and beauty — and youth — they looked all right. But we couldn't help thinking how much more attractive they would have been if they had left nature alone. In other words, they got by in spite of — not due to — the fixing up they had done.

Last week, one of the blondes had become an equally artificial brunette. Why, we wondered, couldn't she leave it be? But it seems that changing one's type is not simple: "I've learned my lesson," she said. "Never again! My hair has to grow out to get back to normal! And it looks AWFUL in the process. That's why it is black now. It won't look quite so funny growing out — once it gets off my scalp — as the blonde color did."

Young women who have always had good looks think nothing of tempting fate by changing their appearance. They do not realize how many other women, less fortunate in nature's gifts, may have envied them their good looks and wished they might look as nearly the same way as possible.

We don't know much about today's young husband and his feeling about an artificial dye-job for his spouse's hair. He may enjoy her impertinence. But we know a bunch of older ones who would have put a stop to it quickly, and with no funny business.

Maybe we're old-fashioned, but we like a little affectionate bullying from the spouse. And we aren't quite sure whether this new

## Personal Shower For Bride-Elect

Ann McKinney, bride-elect of Max Quinn of Port Arthur, was honored on the evening of May 28 with a personal shower with Mrs. Cecil Simms and Alice as hostesses in the Simms' home.

The honoree and her mother, Mrs. T. F. McKinney, were presented with lovely pins by the hostesses.

On the serving table, covered with a grass linen tablecloth, there was an unusual centerpiece consisting of white carnations with blue love birds nesting in them. Refreshments of punch and cake were served.

Approximately 20 names were included on the guest list.

## Neblett Hospital Is Cover Story

The Neblett Hospital was the subject of a story in the June issue of "Private Clinics and Hospitals of Texas," and a picture of the Canyon hospital was on the cover of the bi-monthly magazine.

Written on the occasion of the 10th anniversary of the re-opening of the hospital after World War II, the story tells of the full accreditation of Neblett Hospital by the Joint Committee on Accreditation.

"Accreditation means that the Neblett Hospital and Clinic meets all requirements for the best in medical facilities. There are only a very few hospitals and clinics in the Panhandle who can boast this full accreditation," the article says.

To gain recognition by the national commission, the hospital was inspected two years ago and granted conditional accreditation, according to the article. Recently a second inspection was made and additional required facilities were installed.

The hospital will receive periodic inspections to see if it is keeping the requirements of the commission, the article says. The joint commission is composed of the American College of Surgeons, American College of Physicians, American Hospital Association and the Canadian Medical Association.

# State Capitol NEWS

By VERN SANFORD  
Texas Press Association

Regardless of who is elected this summer, most Texans probably won't find their daily lives greatly changed.

But to one segment of the population, the 22,000 state employees and their families, it matters a lot. It affects their livelihood.

As much as a 20 per cent turn-over in state employees can be expected after the new officials take over in January.

This estimate comes from Pirtle Watts, executive secretary of the Texas Public Employees Association. About one-third of the membership is concentrated in the Capitol; the rest is scattered over the state.

TPEA members on the whole are quite discreet in their politics, Watts thinks. Their association

by-laws expressly prohibit any group endorsement.

But individuals, especially certain key personnel, are courted by candidates. Many office-seekers, especially in Travis County, regularly promise "more adequate pay."

And those employees whose jobs hinge on the boss' being re-elected naturally pull for him. State law, while not as strict as the federal Hatch Act, puts some restrictions on this.

Formerly a rider on the appropriations bill forbade any political activity by state employees. Now the ban is only against use of state cars, or campaigning on state time.

**Insurance Companies Re-Align**  
"Merger" will be a much-discussed word in the Texas insurance industry during coming weeks.

Wind-up of the State Insurance Commission's stringent solvency survey left 94 companies — or seven per cent — without licenses. New permits were granted to 1,219 firms.

**Results confirmed Chairman**  
Byron Saunders' prediction that the industry would prove 90 to 95 per cent sound. He said so last January when the commission began its drive to "weed out the bad apples."

Many already have negotiations underway, or completed, to merge with stronger companies. More realignments are expected, especially among life companies where many large firms actively seek reinsurance business.

**Radar Traps Attacked**  
Are the Texas Highway Patrol's radar speed nets illegal?

Amarillo Attorney Horace E. Wilson says he will fight to the Supreme Court, if necessary, to prove they are. Wilson was arrested recently and fined \$5 plus costs. A radar set near Seguin had clocked him at 71 miles per hour.

He declares Section 803A of the State Penal Code provides for automatic dismissal of a speeding charge if the arresting officer lies in wait or hides.

In Austin, Patrol Chief W. J. Elliott said "nothing in state law prohibits hiding the radar unit, but the highway patrol does not make this a practice. We can do more good by putting ourselves out in the open."

**Cities Need More Water**  
A majority of Texas cities feel their water supplies are inadequate for the future.

State Sen. George Parkhouse of Dallas, chairman of the Texas Water Resources Committee, says a recent survey of 255 cities shows 54 per cent with this problem. Purpose of the survey was to search out needs and sentiments for a statewide water program. Recommendations go to the Legislature in January.

Parkhouse said city officials "almost without exception" favor building their own water facilities aided by financing "on the lowest level of government possible." He said he is most hopeful the next Legislature will make such a program possible.

**Davy Ready for Tourists**  
Texans, who tour their Capitol by the thousands each year, will see a fresh-faced Davy Crockett

**SHE AIMS TO WIN, PODNER**—Loading up for another round is Marta Perdue, during the international pigeon shooting meet in Rome, Italy. Marta, the Annie Oakley of Mobile, Ala., was one of the American representatives matching her skills with experts from all over the world.

this summer.

Crockett's huge portrait was rehanging in the Capitol foyer last week after an extensive re-touching job. Legislators last session authorized \$12,000 for conservation work on five valuable paintings.

**Taxpayers have invested \$95,409** in the fabulous art collection scattered over the Capitol. Resale value is estimated as high as half a million dollars. Tourist favorites are "Dawn at the Alamo" and "The Battle of San Jacinto." They are located in the Senate chamber. Each cost \$12,500.

**No Trouble Seen on Poll**  
No objection is expected by the Democratic Executive Committee chairman to putting the interposition question on the July primary ballot.

Chairman George Sandlin discounted talk of a court challenge to the validity of the 150,000 signatures on the referendum petitions. Spot checks are being made against poll tax lists, said Sandlin.

**Texas Referendum Committee** presented the petition. It asks a vote for or against interposition, integration of Negroes in public schools and intermarriage of whites and Negroes.

**Teen-Agers Form Government**  
Three state governments are operating simultaneously in Austin this week. Besides the one in the Capitol, Boys State and Girls State are being run by more than 800 high school youngsters from over Texas. Designed as citizenship laboratories, the two "states" are sponsored by the Texas Department, American Legion and Auxiliary.

**Each group — 360 girls and 519 boys — learns self-government** by doing it for a week. Mythical political parties are formed, and city, county and state officials are elected and inaugurated. Since terms of office are brief, keenest interest focuses on the always-heated state campaigns and selection of representatives to Boys and Girls Nations in Washington, D. C.

## News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of June 18, 1931.)

It really must have been in a depression, because the West Texas Gas Company announced it was planning to cut the gas rates for Canyon.

The City Commission called a \$10,000 bond election for the purchase and improvement of 100 acres of land on the Palo Duro creek for a municipal park. The land was located just northwest of Canyon. The city's bonded indebtedness was \$70,000. A 4 cent increase in tax rates was expected to take care of the bonds, if the election passed.

Gov. Sterling signed the appropriation bill which gave \$25,000

Texas stamp tax sales for cigarettes, wine and liquor totaled \$4,907,078 in May, nearly one million more than a year ago. Raising of the cigarette tax by the last legislature is cited as the cause for the increase.

# Farmers Can Raise Grain Profits By Building On-the-Farm Storage

**COLLEGE STATION**—Profits received by farmers for providing their own grain storage vary considerably in different areas of the state. With some individuals, there is little likelihood that on-farm storage would be profitable at all. In other cases, the extra investment and effort will pay well.

An analysis of each individual situation and a sound estimate of the potential from such a venture should be made before building any farm grain storage facilities.

Providing your own farm storage involves many factors, all of which may be resolved into an economic question—will it pay? All the factors of cost, such as the construction of a building, handling, insect control, maintaining condition and quality, and shrinkage should be considered in one's own operations.

The answers to these questions, with valuable cost and building data for farm storage are included in a new publica-

tion, L-275, released by the Texas Agricultural Extension Service. The material was compiled by W. S. Allen, R. J. Hildreth, and J. W. Sorenson; agricultural engineers of the Texas A & M College System.

In deciding to purchase on-farm drying and storage facilities, the farmer has to use all available information to predict the future, say the authors. Past experience indicates a seasonal price spread in the future due to continuation of the loan program.

The publication lists advantages and disadvantages of building on-farm storage units. It also gives means of figuring space requirements for a farmer's particular needs.

In approved areas, the Commodity Stabilization Service of the USDA provides financial assistance in the form of loans on approved structures. These loans include up to 80 per cent of cost of the structure including cost of conditioning equipment.

The publication is available from local county agents or from the Agricultural Information Office, College Station, Texas.

## TEXAS

By BOYCE HOUSE

Easterners who have struggled with the pronunciation of "Waxahachie" wonder about the origin and doubtless so do many Texans. The city was named for the creek running through it and "Waxahachie" is said to be an Indian word meaning "buffalo creek."

Robt. F. Mayfield, who could remember what is now Ellis County as far back as 1844, recorded, "Buffalo came and went like mighty torrent. They covered the prairies as far as the eye could see. When moving rapidly, the earth trembled under their tread."

A pioneer was fleeing before a rushing herd of the shaggy creatures when his horse stumbled and pitched him into a "branch." He thought himself doomed until he remembered that buffalo did not wade a small stream but leaped over. So he lay flat while hundreds sprang over him. Had one made a mis-step, he would have been killed.

Wild horses also roved—in droves of 50 or less. Colts could be caught with a lariat. The older horses, after being followed for days, could be driven into corrals, which had far-extending wings. Bears prowled in the thickets and killed the settlers' hogs. There were great numbers of deer and lesser numbers of antelope, panthers, wolves, wild turkeys and Mexican hogs. These last were wild and thin, with quill-like bristles, and from each jaw grew a tusk, the tusks crossing like an

"X."

Game was so abundant that the county's first preacher, a Methodist named Welch, lived by hunting. Crops on unfenced land had to be watched to keep out the wild horses and the buffalo.

Life was filled with deprivations. There was a lack of salt. Sugar was unknown but wild bees were plentiful and the abundant honey was used for sweetening. Oxen were used almost exclusively in the plowing and hauling. Since there were no roads, the traveler went by course or used prominent features of the landscape to guide him. Men and boys wore buckskin pants, hunting shirts, coonskin caps and moccasins made of buffalo hide.

The Indians who roamed and hunted through the region were friendly tribes, mainly Tonkawas. Placidio, the chief, is said to have declined offers to join the Union army in the Civil War, declaring, "I can not fight against Texas, where my tribe and I have always lived."

## HOW IT WORKED OUT

Handey had not come out very well in his marriage lottery. One day at his club he was bemoaning his troubles to a more fortunate member.

"Yes," he said, "before I married everyone told me that marriage was a gamble."

The other yawned. He was rather bored.

"And how did you find it?" he asked.

"Why," said Handey bitterly, "a fellow hasn't got a chance."

Old Lady (in New York): "Isn't it wonderful how a single policeman can dam the flow of traffic?"

Boy: "Yes, grannie, but you should hear the bus drivers."

## AT LONG LAST

She had begged her husband for months to have his picture taken. At last he decided to go through the agony, but when the proofs

arrived, she exclaimed in horror, "Oh, there's only one button on your coat." "Thank heaven," he said, "You have noticed it at last."

## New Director Chooses Newcomer Cast For First BIT Play Beginning Wednesday

A cast of newcomers has been chosen by newcomer director, Dr. M. Blair Hart, for the opening show of the summer theatre season in West Texas State College's Branding Iron Theatre. An Irish comedy, "The Whiteheaded Boy," will open for a three-night run next Wednesday (June 27) at 8:15 P. m.

Reservations for each night's performance may be made through the WT speech department any afternoon, Monday through Friday. Admission will be 75 cents for adults and 50 cents for high school students and children.

Chosen for the "whiteheaded boy," or, in its American equivalent, "fair-haired boy," Denis, is Tom Monroe of Canyon, formerly of Quanah. Other lead roles are Mrs. Geohagan by Jenelle Munday of Kress; George by Bill Smith of Amarillo; John Duffy by Don Ham of Plains; and Aunt Ellen by Cherry Kauffman of Borger.

Others in the cast are Pete, played by Donald Skaggs of Floydada; Kate, by Kay Brown of Strinnett; Jane, by Gwen Grove of Stockton, Kan.; Baby, by Marcena Reisdorph of Plains; Donough Brosnan, by Jim Quisenberry of Phillips; Delia, by Peggy Kirksey of Booker; and Hannah, by Tommie McDougal of Channing.

The three-act comedy by Lennox Robinson originally was to be a symbolic political satire on the rather strained relations between

England and Ireland, but the playwright forgot his symbolism and dwelt strictly on comedy of character.

## Stork Specials

Mr. and Mrs. A. M. Cunningham received a cablegram Sunday from Stuttgart, Germany, announcing the arrival of a new grandson. The baby is the son of SP3 Billy Cunningham and Nancy. The mother is the daughter of Mr. and Mrs. L. K. Bolton.

was being put at 45th where no city street now exists, Reese said the number of houses being built and the expected traffic increase in the area creates a situation that must be handled.

Commissioner C. Y. Johnson said the interchange will be where there is a section line road.

Explaining why an interchange has been added at the intersection of Bell Avenue and the expressway, Reese said, "We know there's going to have to be one there some day." He said it would be better to build it now rather than having to put in the pavement, then tear it out later to build an interchange.

In order to give Taylor and Sons Country Store ample notice as to when they must vacate their property to make way for the interchange just north of Canyon, the commissioners asked when construction might start on the interchange.

Reese told the commissioners he would be through with the plans about the first of July and it would be mid-August or mid-September before the contract for construction would be let.

Around the first of the year, Reese had told the commissioners that the department would be ready to let bids for the construction of the interchange sometime in April. At that time he said the plans had been finished in his office and had been sent to Austin for approval.

Both Lott and Reese said the highway department in Austin makes changes in plans and they must be approved by the federal Bureau of Public Roads, which also makes changes.

Reese said Monday that the department rules require that right of way is clear before advertisements for bids on construction are placed.

Asked when construction might start on the Canyon-Happy highway widening, Lott said, "We haven't even got the plans for that." He said the survey is about finished. He said the widening of the highway to Happy is the "last thing on the program."

Reminded that last August he told the commissioners that the department wanted the right of way on the Happy highway as soon as possible so construction could begin, Lott said funds for the highway hadn't been on the department program at that time.

Asked which highway he wanted right of way for first, Lott said, "We want 'em all first. We want the expressway first."

Commissioner Clarence Beckman told Lott, "We concentrated on that highway (the highway to Happy)."

Lott said that construction would begin as soon as plans were ready on the widening of the highway. He said it would take two to three months after the survey is complete to finish the plans, get them approved and the contracts let.

The commissioners told the engineers that the right of way for the Happy highway is ready. Lott said, "When are you going to get the right of way for the expressway?"

Told that the county could turn over the right of way to the top of Canyon Hill, which Lott had asked for last August, Lott commented that fences along the route had not been moved, nor pole lines relocated. The comment brought out the announcement that more right of way would be needed at the top of the hill.

# Around the Town...

By DOVIE CHERRY

Spinning wheels are definitely out of fashion as far as home-made thread is concerned, and if you had one in your home you would probably think, "Now what in the world am I going to do with this thing?" Mrs. Kenneth Clark, who lives at 1403 Seventh Avenue, does have one and furthermore she knows what "in the world" to do with hers.

Have you ever noticed this spinning wheel in the window of the Clark's home? It's quite possible that you have just because the idea of using a spinning wheel as a window centerpiece is so different.

Most of the homes in Canyon, especially those with double or bay windows, have a lamp, vase or flowers placed in the window as an eye attraction. Using just Sixth and Seventh Avenues as examples, a brief survey reveals that on these two avenues there are at least 26 such articles used in windows. Only one window varies by using figurines and a small silver object.

If you drive by the Clark's home often, you might get curious about that spinning wheel. I did, and true to the old story of a woman's curiosity, I finally had to know all about it.

The wheel belonged to Mrs. Clark's grandmother, Rebecca T. Nicholas, who lived at Cooksville, Tenn. One of Rebecca Nicholas' sons, J. R. Nicholas of 2005 Madison, Amarillo, also father of Mrs. Clark, knows the story of the wheel.

"Well, perhaps you would like to know how much the spinning wheel cost," he said. "Just \$1.50." And I thought, "Well, that \$1.50 bought a lot."

Made of six different types of wood, the spinning wheel is an excellent piece of carpentry. Mr. Nicholas says that Jesse Pendergrast, who made it in 1888, put

a lot more work and skill into this spinning wheel than usual. The wheel was cut from white oak and has only one joint. The only non-original piece is the spindle.

Jesse Pendergrast was no usual carpenter according to Nicholas. "He was a jack of all trades and good at all of them," he said.

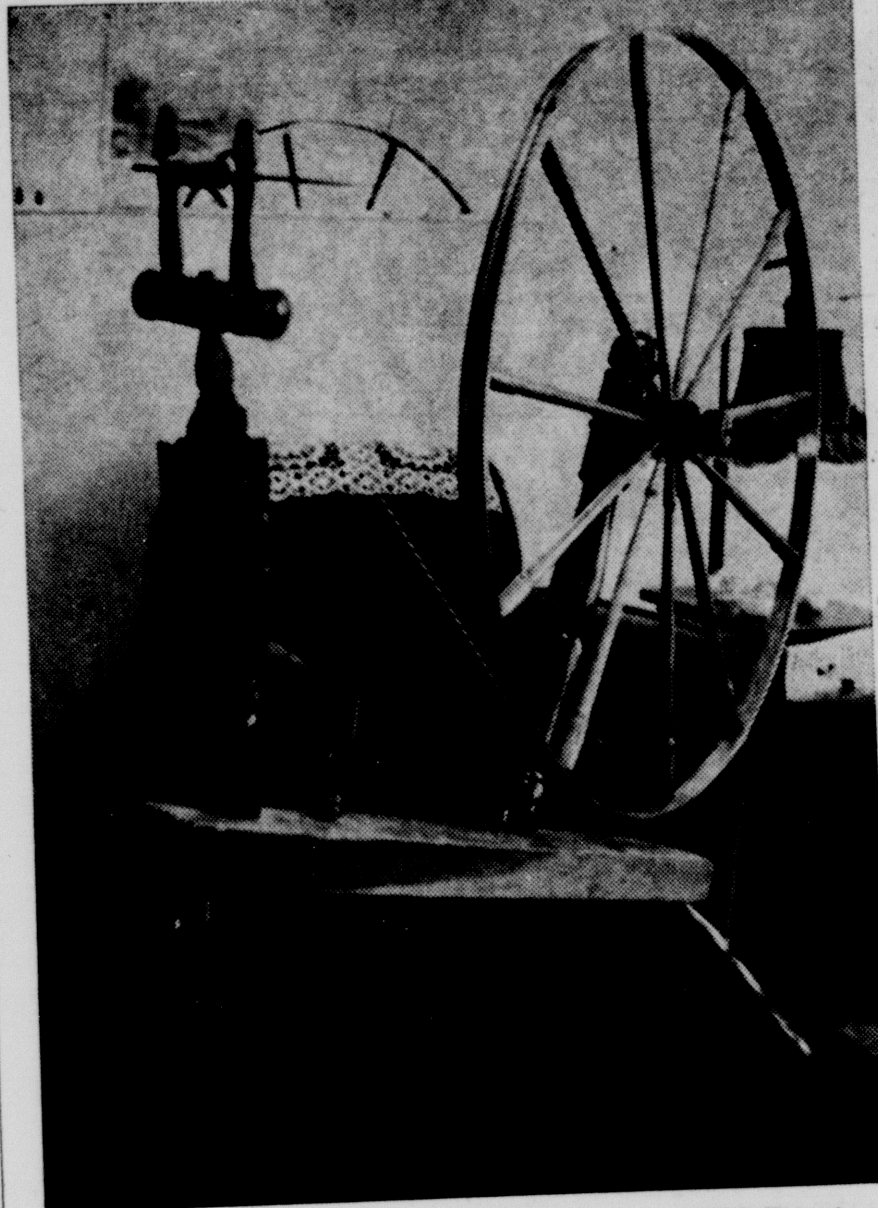

The Nicholas family purchased the spinning wheel when their house burned, destroying the old family spinning wheel, and from this new one came thread for all the clothes, socks, mittens and even J. R. Nicholas's first suit of clothes.

The question outstanding in my mind was how do you spin thread? Nicholas, who learned the art from his sisters, can explain the method which he says is simple. Briefly, one takes the rolls of carded wool (he says he doesn't believe the spinning wheel will take cotton) and place them between the structure supporting the spindle and the piece of wood between that structure and the wheel. The wool is spun on a corn shuck attached to what is called a broach, which is on the spindle.

After the wool is spun onto the broach, it is run across what was termed a reel to double the thread. Twist the cord on the wheel, run the doubled thread on the broach again and when the thread is twisted, stretch it to the desired thinness.

Mr. Nicholas says he can remember his sisters walking the width of the room to stretch the thread; perhaps for such fine thread as crochet. All this takes about 30 minutes to one hour. "Three or four yards a day was a pretty good day's work, although I can remember my mother making a bed blanket in one day," he says.

Dyeing is done after the thread is spun. The Nicholas family purchased most of the dye at stores, but purple and brown dye was

Spinning wheel in the Kenneth Clark home, 1403 7th Ave.

made at home. For purple dye, Nicholas says to use willow bark, and for brown, use oak bark. The process is to strip the bark and boil it to the desired shade.

Spinning wheels were being discarded by most families when Nicholas was a boy, but his family kept theirs because it was less expensive to do so. Nicholas' father owned the mill where wool was carded and they raised sheep.

The spinning wheel was last used in 1905. J. R. Nicholas' sister had the wheel until about four years ago when she gave it to him. He refinished it and passed it on to his daughter. Mrs. Clark says she plans to keep it in the family.

And that seems like a fine idea, for even though the spinning wheel may never again spin thread it will continue to spin a lot of golden memories for the four living members of the Nicholas family—J. R. Nicholas, his brother, W. T. Nicholas, who J. R. saw this spring for the first time in 32 years, and two sisters who live in Lubbock.

## Double-Ring Chapel Service Read For Ann McKinney and Max Quinn

On Friday evening, June 8, at 8 o'clock, Ann Lee McKinney, daughter of Mr. and Mrs. T. F. McKinney, became the bride of Max Quinn, son of Mr. and Mrs. C. F. Quinn of Port Arthur, Texas. The double ring ceremony was read by Bob Wear, minister of Central Church of Christ of Canyon, in the Joseph A. Hill Chapel.

White gladioli flanked by seven branched candelabra bearing white tapers decorated the altar that was set before a background of jade palms. Floor baskets of white gladioli completed the setting.

Alice Simms, organist, played "The Swan," "Through the Years" and "I Love Thee" as a musical prelude and accompanied Pat Childers of Hereford, who sang "O Promise Me" and "Because." The traditional marches were played for the processional and recession.

Attending her sister as matron-of-honor, Mrs. James Duncan of Belen, N. M., wore a ballerina length dress of blue net over tulle, styled with a strapless fitted bodice, worn with matching cape. She carried a nosegay of pink

carried a white Bible topped with gardenia, showered with stephanotis and satin streamers tied in love knots.

A reception was held in the Church of Christ Bible Center following the wedding. The bride's table was covered with a white linen cloth with crystal candelabra of blue tapers flanking the centerpiece arrangement of the attendants' bouquets.

Mrs. W. A. Miller, aunt of the bride, served the multi-tiered cake and Mrs. Tommy Day, sister of the groom, presided at the punch bowl. Mrs. John Tole of Tulia, aunt of the bride, Mrs. Edna Duncan and Mrs. Hampton Lisle assisted with the serving.

For the wedding trip the bride chose a blue sheath dress with matching duster, blue and white accessories, and a gardenia corsage.

The couple will make their home in Port Arthur, where the groom is employed by the Gulf Refinery Co.

The bride is a graduate of Canyon High School and the groom attended Lamar Tech at Beaumont. Mr. and Mrs. T. F. McKinney, the bride's parents, entertained
